

ICORE AUSTRALIA 2006 POSTAL MATCH

No. 1/06

Welcome to 2006 and I hope you all have a successful year in ICORE competition.

This first postal match package is hopefully the first of several postal matches that the ICORE Aus Board would like to run this year throughout Australia. It is up to all ICORE members to make an attempt to promote and raise the profile of ICORE in as many clubs as possible to ensure that this fantastic discipline continues to flourish.

The 4 stages for this first postal match have been created with the limitations of indoor ranges in mind and also for the ease of setting up. Each stage offers a challenge to the shooter but without being too overwhelming for first time shooters. The last thing we want is to scare away potential members because they perceive the first stages they encounter, too complicated or too far out of their league.

The Stage descriptions are strait forward and you should not have any trouble with the range set up. If you have any doubt about the rules, a copy of the ICORE rulebook can be found at www.icore.org and if you have any other questions about this postal match send me e-mail at kenmbark@aol.com.

This postal match is to be shot between the 1/1/06 and the 31/3/06.

After you have shot the match can you please send me a match summary including the date shot, the host club, the state/country. In the results summary please include:

<i>Open/Limited</i>	<i>Name</i>	<i>St.1</i>	<i>St2</i>	<i>St3</i>	<i>St4</i>	<i>Total</i>
---------------------	-------------	-------------	------------	------------	------------	--------------

Get the results in promptly. When forwarding the result details to me can you please send them as an Excel or Word format document. All going well the overall results should be available mid April.

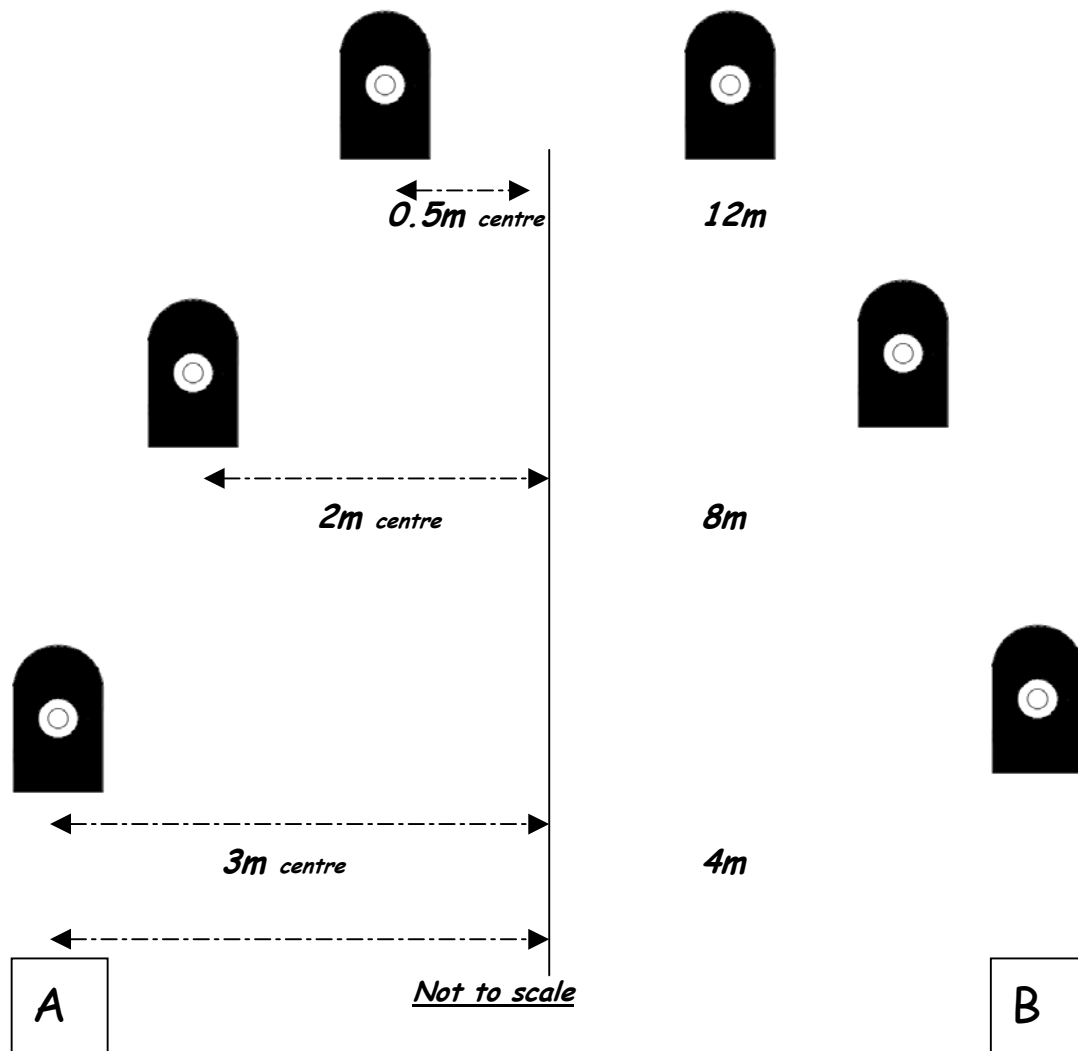

Be safe and enjoy shooting this match.
